## PROFILE SUMMARY

---

As a frontend developer with 3 years of professional experience, I am highly attentive to details and committed to delivering high-quality work. I have a strong foundation in HTML, CSS, and JavaScript, as well as experience with modern web development frameworks which is Vue.js. Skilled in UI design, API Integration. I work collaboratively with my team, contributing ideas and suggestions to improve the user experience and overall project success. I am committed to staying up-to-date with industry best practices and emerging technologies, and am always looking for ways to streamline processes and optimize efficiency. As a high value team member, I am reliable, adaptable, and dedicated to meeting project goals on time and on budget.
